Make/Model _____ Manufacturer Serial No. _____ MD Registration No. _____

RESPONSIBILITY OF THE CITY OF BALTIMORE:

In granting the privilege of access to, or use of, the reservoirs or any other property of the City of Baltimore for any purpose whatever, the City does not warrant that its property is suitable for the purpose for which the privilege or permit is granted, or that it is safe for any specified purpose, whether or not a permit is issued pursuant to these regulations, and whether or not a permit fee has been received, notwithstanding the fact that a particular portion of the City property may be specified in the permit. The City will not be responsible for any damage, injury or death resulting from an accident on any of its properties, or from drowning in the waters of any of its reservoirs, notwithstanding the fact that the negligence of an employee of the City of Baltimore may contribute to such accident or drowning. By accepting the permit, or by using the privilege granted, the permittee thereby agrees to the use the property in the condition in which he or she finds it, and agrees to assume all responsibility for his own safety and the safety of any minors accompany him or her, and he or she thereby releases the City from all claims and causes of action whatsoever arising out of the issuance of the permit, or arising out of access to and use of the City's property, whether or not such claim and cause of action whatsoever arising out of the issuance of the permit, or arising out of access to and use of the City's property, whether or not such claim or cause of action arises by virtue of the negligence of any of the City of Baltimore's agents or employees.

The permit fee mentioned in these regulations are not charges for the use of property of the City, but are applied as partial reimbursements to the City for expenses incurred in issuing permits and in regulating the use of its property for the benefit of the permittees and for the protection of the City's water supply.

As a condition of acceptance of this permit I hereby agree and affirm that the boat for which this permit is issued will be used on no other bodies of water except Liberty, Prettyboy, and/or Loch Raven Reservoirs. However, this permit is valid ONLY on Liberty and Prettyboy Reservoirs. (A separate permit, issued by Baltimore County Department of Recreation and Parks, is required to use a boat on Loch Raven.)

I have read and understand all of the above as well as the separate "Excerpts" sheet. All statements made on this application are true to the best of my knowledge. I understand that failure to comply with regulations will result in my permit being revoked. I further understand that the City will not be responsible for damage to, or loss of, any privately owned boat or for personal injury or loss of life sustained while on the reservoirs or City property.

SIGNATURE OF APPLICANT _____

BOAT PERMIT SALES ARE BY MAIL ONLY. THERE ARE NO WALK-IN SALES.

MAIL COMPLETED APPLICATION TO:

City of Baltimore
Reservoir Natural Resources Section
5685 Oakland Road
Eldersburg, MD 21784-6828

MAKE SURE THAT YOU HAVE ENCLOSED THE FOLLOWING:

- * A completed and **SIGNED** application
- * A **\$60.00** check or money order made out to:
DIRECTOR OF FINANCE, CITY OF BALTIMORE
- * A **self-addressed, \$0.61 stamped, business-sized envelope** (4 1/8" by 9 1/2")

EXCERPTS FROM WATERSHED REGULATIONS GOVERNING LIBERTY AND PRETTYBOY RESERVOIRS

- **Due to bridge construction activities, boats will be unable to access Liberty Reservoir upstream of the Deer Park/Nicodemus Road Bridge during the 2010 and 2011 boating seasons.**
- The boating season extends from March 1 through December 31 (**WEATHER PERMITTING**) between sunrise and sunset.
- Boats may be placed on City property no earlier than March 1 and must be removed from City property by December 31.
- Boats may be launched and removed from the reservoirs at the boat dock **ONLY**.
- All boats must be equipped with oars and oarlocks or paddles.
- Propulsion shall be by rowing or battery-powered electric outboard. No sails or gasoline-powered motors may be used.
- Each boat must be equipped with at least one serviceable United States Coast Guard approved, wearable, personal flotation device (life vest) for each occupant.
- No person under 18 years of age will be permitted on the lakes in a boat unless accompanied by a person 18 years of age or over.
- Boat permit cards shall be carried by occupants at all times, and permit stickers shall be affixed to boat as required in the regulations.
- No swimming, wading, camping, firearms, or hunting allowed.
- Docking space is on a first come, first served basis.
- Pollution of the waters of the reservoirs or their tributaries is prohibited. Sanitary facilities and trash barrels are provided at each boat dock. Please use them.
- Boating is prohibited between Liberty Road and Liberty Dam, or within 1500 feet of Prettyboy Dam.
- Inflatable or collapsible craft, sailboats, pontoon boats, and gasoline-powered boats may not be used.
- Kayaks are permitted on both Liberty and Prettyboy Reservoirs. All other existing “Watershed Regulations” that pertain to kayaks remain in effect. The use of motors or sails on kayaks is prohibited. (A separate permit, issued by the Baltimore County Department of Recreation and Parks, is required to use a kayak on Loch Raven.)
- Shells are permitted on both Liberty and Prettyboy Reservoirs. Fishing from or the use of motors or sails on shells is prohibited. (A separate permit, issued by the Baltimore County Department of Recreation and Parks, is required to use a shell on Loch Raven.)
- Boats which do not meet City specifications; boats not having current stickers properly displayed; boats not properly secured; and boats otherwise used in violation of City Watershed Regulations will be impounded and the owners subject to fines and storage fees.
- Fluctuating water levels due to prolonged dry spells or demands of the distribution system may make it difficult to launch and recover boats or may render the launching ramps useless. The City does not guarantee that the present paved ramps will be extended.
- Since boats equipped with gasoline-powered motors are obviously used on bodies of water other than on the City of Baltimore’s three reservoirs, permits will not be issued for boats equipped with internal combustion motors.
- Permits will not be issued for boats longer than 20 feet.
- The City reserves the right to reinstate the moratorium on the use of private boats on any or all of its reservoirs at any time.
- Use of live aquatic bait is prohibited unless purchased at a Maryland State-certified zebra mussel-free bait dealer.
